## Behavioral Health Continuing Education Opportunities

Our Behavioral Health team offers educational trainings designed to enhance clinical knowledge, strengthen evidence-based practice, and support professional development.

Trainings are available for healthcare professionals and staff seeking continuing education (CE) credits and can be tailored to meet the needs of your organization.

Topics may include mental health assessment and intervention, trauma-informed care, behavioral health integration, chronic illness and mental health, crisis intervention, provider wellness, and other specialized behavioral health subjects.

### Honorarium Information

An honorarium is requested for training services and is determined based on:

- Length and complexity of the training
- Development of customized content and supplemental materials
- Number of participants
- Travel time and associated travel expenses (when applicable)

Training formats are available in-person or virtually. Contact us to discuss your organization's educational needs and to develop a customized training experience.
